

Speech of Hon'ble Governor of Jharkhand on the occasion of Foundation Day and Annual Celebrations "UNNAYAN" of Delhi Public School, Bokaro on 2nd July, 2015 at Delhi Public School, Bokaro

I am happy to participate in the Foundation day and annual celebrations- Unnayan of your School. I would like to congratulate all of you on this occasion.

Annual Celebrations is the time of the year most awaited by the students for recognition of their excellence in various fields. I am happy to know that D.P.S., Bokaro is one of the well recognized school which has been providing the quality education in Jharkhand.

Education plays a vital role in the life of everyone. Getting proper education is very necessary to get success and happy life just like food is necessary for healthy body. It develops personality of the people, provides physical and mental standard and transforms people's living status. It promotes the feeling of physical, mental and social well being, by providing better life.

Good education is an effective tool to build our bright future. It helps a person to improve his/her status of mind, body and spirit. It provides us lots of confidence by giving us

bulk of knowledge in various field. It is a single and vital way to the success as well as personality growth.

The more knowledge we earn, the more we grow and develop in our life. The foremost purpose of getting good education is to be a good citizen and then be successful in personal and professional life. We need to go through a proper education as it makes us right thinker and correct decision maker.

In a present competitive world, education has become a necessity for human beings after food, cloth and shelter. It an able to provide solution to major problems; it promotes good habits and awareness about contemporary issues like, corruption, terrorism, and other social evils among us.

On my maiden visit, I am happy to know that the social outreach initiatives taken by the school such as Deepansh, the Shiksha Kendra, founded on the same day in the year 2001, a noble effort to provide education to the children of the marginalized section of the society and women empowerment through Koshish, the vocational training centre initiated for the mothers and sisters of the students of Deepansh and other socially and economically challenged women of the society to help them earn their livelihood and for the empowerment of girl child (Balika Shashaktikaran). Students of DPS Bokaro are

also involved in various social activities and other community outreach programmes such as 'Chalo Gaon ki Ore' giving the students a chance to get closer to the roots of the society. Such activities help to imbibe the motto of the school 'Service Before Self'. I am appreciative of the steps taken towards saving environment like the adoption of tree names by the students and the teachers, and the response to the Prime Minister's call for Swachh Bharat Mission taken up as 'Swachh Sanatan' and Yoga to relish life's full potential.

On this occasion I invite the school administration to come forward to give free education to children from the poor and disadvantage section of the society so that they can also be shown the right direction in their lives.

We have gathered here today to felicitate the star achievers of this school. This recognition provides a morale booster to the achievers and at the same time encouraging others to follow suit. This felicitation is a proud moment for students, their parents and the teachers. You all must always work to excel and achieve greater heights in your career. My best wishes for your bright future.

Jai Hind.
