

**Speech of Hon'ble Governor of Jharkhand Dr. Syed Ahmed on the occasion of Silver Jubilee Celebrations of Delhi Public School, Ranchi on 17<sup>th</sup> July 2014 at Delhi Public School, Ranchi.**

**I am delighted to participate in the Silver Jubilee Celebrations of your School. I would like to congratulate all of you on this occasion.**

**Education is essential for everyone. Education helps people earn respect and recognition. In my opinion, it is indispensable part of life both personally and socially. However, the unequal standards of education is still a major problem that needs to be addressed.**

**The importance of education is undeniable for every single person. It goes without saying that education has a positive effect on human life. All people need education. People can gain knowledge and enlarge their vision of the world only through good education. For example, one can gain huge amount of information by watching TV, using Computers and other media of Information Technology or reading books, newspaper etc. Information can be gained on almost any area of interest, viz mathematics, current news, exchange rates, other countries' cultures etc. through media and internet. All this is possible only through Education.**

**Education plays such a fundamental role in our society that we cannot even imagine a life without it. It is an important element of the civilization of human society. Not only does it helps us develop healthy surroundings but it also helps improve the quality of life.**

**Educational institutions today should adopt new methods and use adequate technology to educate the young in order to play a constructive role**

**in building the society. Students need to be educated to the extent that they can distinguish between what is right and what is wrong? Schools must cooperate and concentrate on developing character and higher values that can contribute towards making them good and responsible citizens of the country.**

**I would like to mention that schools should provide proper environment to give all round growth of the personality of the children.**

**On this occasion, I would also like to call upon the teachers not only to teach the students but also to endeavor to command respect from students. This will happen teachers themselves set examples of the ideas, that they want to inculcate among the future citizen of this country. Good knowledge will help the Students to become responsible citizens of the nation who will guide the society in a constructive way.**

**I invite the school administration to come forward to give free education to children from poor sections of the society and to deserving children so that poverty does not hinder their dreams of pursuing excellence.**

**I, convey my best wishes to all the students. They are the future of the nation. They are the ones who will be built healthy, strong and prosperous India of tomorrow.**

**Jai Hind!    Jai Jharkhand!**
